

Please do not let the LPFM stations take off the K-LOVE station.

K-LOVE is very important to a lot of people.

K-LOVE is very inspirational to me and lifts my spirits when I am down. They play very positive and uplifting music.

I am not concerned to let my children listen to K-LOVE because the music is child friendly with no obscenities being sang on their songs like other radio stations in my area. I feel K-LOVE is in the public's interest in that it helps many people get through hard times that are going on in our world.

A lot of people have had their lives turned around for the better because of K-LOVE. Not only does K-LOVE provide positive music, but they also offer encouragement by the pastors they have on staff to help anyone in need. I feel there would be a very negative impact on the public if K-LOVE was taken off of the air to be replaced with LPFM stations. There are no other stations in my area that provide the same uplifting music and also uplifting stories of other listeners who were saved by listening to K-LOVE.

PLEASE DON'T REPLACE THE K-LOVE STATION WITH LPFM STATIONS.
